MEMORANDUM FOR: ADD/A(S)

SUBJECT : Additional Pay for Hazardous Duty

I am returning to you the file on additional pay for hazardous duty. You will recall that I asked, in the DD/A's staff meeting, for more time to study the question of additional pay to military personnel. This is an intricate and somewhat delicate legal question. However, we see no reason why the provision for such pay for staff employees and [REDACTED] should not be published with provision, if any, made for the military at a later date.
